- 24-hour emergency call system
- Monthly healthcare consultation
- Scheduled transportation

COTTAGE PURCHASE

Cottages are purchased on a cooperative basis and owned by the St. Andrews Village Association.

Residents purchase a share of stock representing the value of their residences and become community shareholders. When residents move from their cottages, their stock is sold by St. Andrews at a price determined by the shareholder and reflecting the current market value of the residence. Residents receive the proceeds of the sale, less an 8% refurbishing and resale fee.
